

TORNADO KILLS MANY

STORM TAKES HEAVY
TOLL IN LIVES AS IT
SWEEPS TWO STATES

(By Associated Press)
DALLAS, Texas, April 16.—At least seven lives were lost in north-eastern Texas late yesterday in a tornado which, after sweeping sections of Smith, Wood, Gregg, Cass and Bowie counties, passed into Miller and Hempstead counties, Arkansas, where over a score of persons are reported to have been killed.

Scores of persons are reported to have been injured in the affected district of Texas. Six of the Texas families were at Avinger, in Cass county, and one occurred at Atlanta.

(By Associated Press)
LITTLE ROCK, Ark., April 16.—A rapidly mounting death list that may exceed 50, a dozen persons injured and property damage which is as yet unestimated, are the results of the tornado that cut a wide swath across parts of Miller and Hempstead counties, Arkansas, and Cass County, Texas.

Reports coming into Little Rock from the storm area have augmented rather than diminished the extent of the damage. Because of the paralyzed wire communication, officials here are of the opinion that several days might elapse before the full extent of the damage is known.

GASOLINE TAX
BILL IS KILLED
IN CALIFORNIA

(By Associated Press)
SACRAMENTO, Cal., April 16.—The proposed 1-cent tax on gasoline, championed by the highway commission and opposed by automobile clubs of California, finally died for the forty-fourth session when Senator Sample withdrew from the senate floor today his bill providing for such charge.

EAGLES WILL
DANCE TONIGHT

The Fraternal Order of Eagles are to hold forth tonight at the Airdome, the occasion being one of their popular dances. They have engaged the best orchestra this side of Kansas City, and the dance lovers are to be given the time of their lives, so don't miss it. If you do, you will be the loser.

HARVEY AN HERRICK
GET CONFIRMATION

(By Associated Press)
WASHINGTON, D. C., April 16.—The nomination of George Harvey of New York as ambassador to Great Britain and Myron T. Herrick of Ohio as ambassador to France, were confirmed by the senate today. The vote on the confirmation of Colonel Harvey was 47 to 20.

Persons who complain most about having to pay their bills never seem to adopt the plan of paying cash.

BAIN IS NOMINATED
AS MINES DIRECTOR

(By Associated Press)
WASHINGTON, D. C., April 16.—H. Foster Bain, of California, was today nominated by President Harding as director of the bureau of mines.

MERGER'S DRILL
IS EXPECTED TO
ARRIVE TODAY

C. W. Taylor of the Fish Lake Merger Oil company left for Fish Lake early this morning, accompanied by J. W. Deltzel, James Slusser and wife and R. S. Clark.

Mr. Deltzel is superintendent of the company and Mr. Slusser is his assistant. Mrs. Slusser will have charge of the boarding house for the drillers and other employees. Mr. Clark, carpenter, will begin work at once on the boarding house, the lumber for which went out this morning.

The big drill is expected Monday morning and will be immediately taken out to the field. Installation of the rig will be pushed with all possible speed.

MARINETTE CO.
TO RESUME WORK
ON THE KLONDYKE

The Marinette Mining company has purchased the interests of its lessees and will immediately resume operations after a dormant state for the past five years.

This company was very active in the past on its property at Klondyke, but closed down in 1917 owing to war conditions, war prices and the closing of the Kennett, California, smelter which treated its ores.

Last month two leases were let on the property, one of them on the main shaft, which is fully equipped with a plant of machinery and ore bins. From this shaft over 1000 tons of rich silver ore was shipped.

The lessees sampled the workings thoroughly and proved up over 400 tons of ore which may be shipped to the local mills at a comfortable profit, due to the favorable custom rate given at the mills.

The company paid the lessees the profit on all ore positively in sight, together with a percentage of bonus in order that it may proceed unhindered with development in connection with the ore extraction. The stock of the Marinette company is held in its entirety in Marinette, Wisconsin. Emory Arnold will have charge of the work for the company.

CAPTAIN GLOVER
IS VISITING HERE

Captain J. W. Glover, of the navy, who was second in command of the port of New York during the war, and who was in command of the USS McClellan when it was hit by the submarine Governor, arrived on this morning's train from San Francisco, and will visit his father-in-law, H. K. Moore, and brothers-in-law, Hugh Henry Brown and S. H. Moore. He is accompanied by G. E. Kitch, a former well known auto racer, but now engaged in auto construction.

MAKE EFFORT TO
SETTLE SEAMEN'S
WAGE DISPUTE

(By Associated Press)
NEW YORK, April 16.—Dr. Frederick Davis, of the commission of conciliation of the department of labor, has been directed to follow the wage negotiations between the American Ship Owners' association and the Marine Engineers' Beneficial association, to prevent a further breach, it was learned today.

FILM STAR
SEEKING
SOME FREE
PUBLICITY

(By Associated Press)
SANTA ANA, Cal., April 16.—Boobie Daniels, of Los Angeles, the motion picture actress, who last night entered the Orange county jail here to begin a 10-day sentence for speeding, may be wasting her time, so far as it applies to the sentence, it developed today.

The district attorney and sheriff pointed out there were no commitment papers in Miss Daniels' case, as she had appealed from the sentence imposed in the township justice court and the case is now in the hands of the superior court.

Upon learning this, Miss Daniels instructed her attorney to dismiss the appeal and obtain the commitment papers from the justice court as quickly as possible.

The district attorney and sheriff said that if Justice Cox, who imposed the sentence, was agreeable, they had no objection to Miss Daniels' service of sentence running from the time she entered the jail at 11 o'clock last night. In the meantime, they declared, Miss Daniels, who remained in jail, was "merely a guest of Orange county."

Sometimes a man gets the idea that the public is organized to keep him well trimmed.

ALL QUIET IN CITY AS
RESULT OF WALK-OUT

The miners, engineers, machinists, electricians and mill men walked out of seven of the local mines yesterday afternoon, last night and this morning at the completion of their shifts. The only properties that are operating with full forces are the West End, Halifax, North Star and Cash Bay, in the Tonopah district, and in the Divide district the Gold Zone, Iron Har, Pay Divide and several other companies are operating under the old scale of wages. The Divide Extension let contracts yesterday for development work. Several other companies at the Divide will inaugurate the same system.

The men going out from the underground workings, the surface, mills, shops, etc., numbering 719, drew their time today, and those having accounts at the banks deposited their checks to their credit. A person coming into Tonopah today and not knowing of existing conditions, would think a holiday was being celebrated. The men who left their places of employment are quiet and orderly and are not discussing the situation. The mine operators have no statement to make.

The only whistles which were blown at 7 o'clock this morning were those at the West End mine and the West End mill. The other companies, when the men quit, were ready to continue operations this morning, but no engineers or laborers reported for work. It is said that not one man was on hand to go to work this morning, as the reductions announced by the Mine Operators' association went into effect at that time.

MIDDLE
WEST HELD
IN GRIP OF
BLIZZARD

(By Associated Press)
CHICAGO, April 16.—Telegraphic communication in the west and southern sections of the country is practically paralyzed, according to reports received by telegraph companies here. The reports show no communication between Chicago and Omaha, with wires in bad condition all along the line reaching to Denver and southward. The weather bureau reported the storm is moving southeastward.

(By Associated Press)
DES MOINES, Ia., April 16.—All April records were broken here by a snowstorm which began last night and is sweeping over the entire state of Iowa today.

(By Associated Press)
KENOSHA, Wis., April 16.—This city was hit by the worst storm since 1881 last night, with snow 12 inches deep. Traffic is paralyzed in the city.

(By Associated Press)
DUBUQUE, Iowa, April 16.—Dubuque is snowbound, and is struggling to extricate itself from the effects of one of the most severe blizzards experienced in this section at this time of year for almost a decade. Seven inches of snow fell during the night.

(By Associated Press)
BIRMINGHAM, April 16.—Reports filtering into Birmingham over badly crippled lines of communication indicate that the town of Ralph is almost completely wiped out as the result of a cyclone early today. Sulphur, Lamar county, suffered a similar fate.

(By Associated Press)
HATTIESBURG, Miss., April 16.—One woman was killed and at least 12 persons injured in a tornado which struck Sontax, 16 miles east of Brookhaven, today.

(By Associated Press)
LITTLE ROCK, Ark., April 16.—Over 50 persons were killed and hundreds injured in the tornado which swept southeast Arkansas late yesterday, according to late advices.

NAVY TO ISSUE
RIGHT TO DRILL
OIL RESERVES

(By Associated Press)
WASHINGTON, D. C., April 16.—To prevent the drainage of naval oil reserve lands in California by private drilling on the outskirts of the reserves, Secretary Denby has decided to lease drilling rights inside the reserves over a small area to private concerns, he announced today.

ORDERED
TO KILL BY
SUPERIOR
OFFICER

(By Associated Press)
TACOMA, Wash., April 16.—Roland P. Pothier, charged with the slaying of Major Alexander Croukhite, at Camp Lewis in October, 1918, today confessed to the federal authorities that he was ordered by his superior officer, Captain Robert Rosenbluth, to bring out a loaded gun and "get" Croukhite. It was announced by Prosecutor Seiden.

"I joined Major Croukhite on the main camp grounds at Camp Lewis," the alleged confession of Pothier, which was made in the jail at Providence, Rhode Island, on March 24 last, reads, "and when about two o'clock, behind him I loaded my revolver with three shells. I fired one shot into the open field, and the major was turning around in my direction I fired my second shot at the major, hitting him in the right breast."

POPULARITY OF
THE PARAISO HOT
SPRINGS GROWS

The Paraiso Hot Springs, now owned by Riley & Enquist, in Monterey county, California, six miles from the railroad station of Salinas, is becoming a popular resort for eastern and western tourists. The resort is now managed by Charles Enquist and wife, both former Tonopah pioneer residents. Mr. Riley also was an early-day resident of this city, he having been one of the proprietors of the Palace hotel. The hot springs are noted for the medicinal qualities and the waters were awarded first prize at the St. Louis exposition. During the last six months many Tonopah residents have visited the Paraiso Hot Springs, and all have come away either completely cured or greatly improved in health. The splendid bill-of-fare prepared by Mr. and Mrs. Enquist is appetizing and makes one want to remain a guest indefinitely. The waters are invigorating and health builders to the afflicted. You can reach the springs in a few hours by railroad from San Francisco, Salinas being your rail destination, where auto buses carry you the remainder six miles to the springs. The mountain scenery at the springs is part of nature's grandeur in that section of California. If you need rest and a change, go to the Paraiso Hot Springs and take a new lease on life.

Debs says he stands by his convictions, but Burger stands outside his.

SPLIT IN RANKS OF
LABOR FORCES OF
ENGLAND SERIOUS

(By Associated Press)
LONDON, April 16.—The labor forces of the United Kingdom apparently are broken into sections as a result of the refusal of the National Union of Railway Men and the National Federation of Transport Workers yesterday to continue their support of the strike called by the Miners' Federation of Great Britain April 1.

The split prevails in some quarters that the action of the rail-roads and transport men means the death warrant of the triple alliance. The view is not held universally, but without doubt the split which developed yesterday will have a serious effect upon the rank and file of labor.

"Yesterday was the heaviest day that has befallen labor within the memory of man," begins the Labour Herald's comment on the sensational breakaway of the railway men and transport workers. "There is no use trying to minimize it. The workers have not stood together, despite repeated warnings."

The newspapers declares Frank Hughes, secretary of the miners' organization, made a fatal mistake in affirming the old formula of the union basing its address before the members of the house of commons Thursday night.

RESTRAIN TOWN
FROM PUTTING
BLUE LAWS OVER

(By Associated Press)
LOS ANGELES, Cal., April 16.—A temporary order restraining Mayor Irwin and Chief of Police Lyle of Panama from putting into effect measures to restrict "blue laws" passed at a recent municipal election in that city, was issued here today by Superior Judge Shank of Los Angeles.

Sheriff Thomas, District Attorney Frank Dunn and Chief of Police William Cochran last evening visited all places where soft drinks are dispensed and gambling is allowed and requested the proprietors to discontinue all games with the exception of solitaire and bridge "while during the labor controversy." The proprietors willingly acceded to the request, so if anyone wants to gamble he will have to play marbles or top-in-the-ring. The officers are ever on the alert for bootleggers, and any person caught selling dynamite from the ship will receive the full penalty prescribed for breakers of that law. There is no liquor being sold in Tonopah, but once in while some outside trucks in with a few gallons of "brandy" and finds a buyer, so the statement made in the morning paper to the effect that the officers notified business houses that no liquor could be sold until further orders, is absurd and misleading. We are sure that is not what the writer meant or intended to say. Just an error, that's all.

HOUSES BURNED
AS RETALIATION

(By Associated Press)
CORK, Ireland, April 16.—A dozen houses were burned in Ballymahon, County Kerry, including the one in which a priest resided, following the shooting to death of a young woman, commander of a regiment of auxiliaries, on the Tralee rail route Friday afternoon.

CONSTANTINOPLE, April 16.—The Scorpion, veteran of the Spanish American war, returned here when the United States joined the allies and now Admiral Brantley's flagship, has been ordered sold by the navy department. The Scorpion has been stationed here much of the time since 1904 when she became a dispatch boat for the American embassy. She is a converted yacht.
